

This evaluation was made after our meeting in Sweden (22/5-28/5 2016). The students have graded their experiences according to different categories on a scale from zero to five, where zero is the lowest and five the highest grade.

Organisation - programme

Organisation - activities

Organisation - technology and facilities

Project work - communication within the group

Project work - writing/preparing presentations

Project work - presentations as a way of sharing information

Leisure time - balance between leisure time and work

Food

Improvement of language skills - business language

Improvement of language skills - everyday language

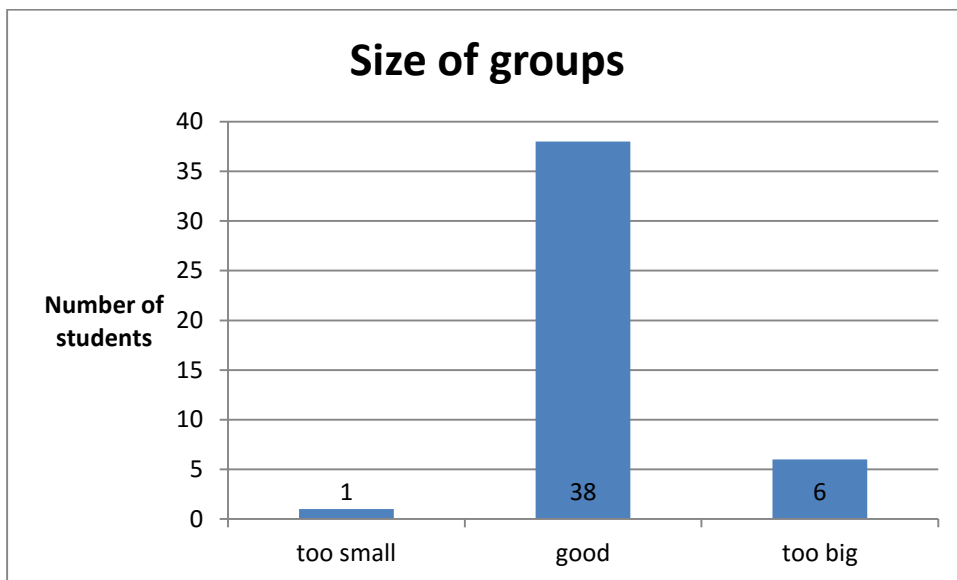

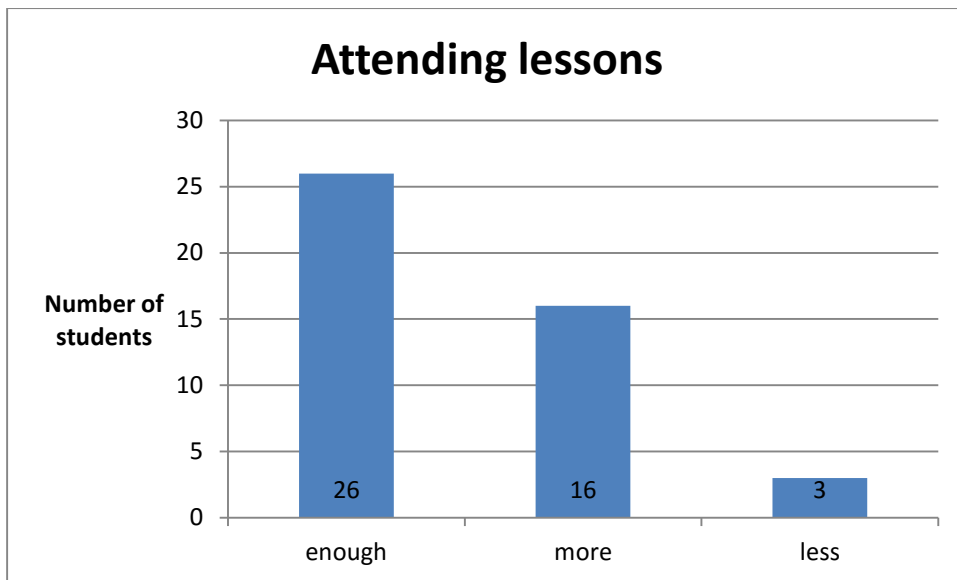

Making friends

Trips

What were the best things about this week?

- Trips to Stockholm and Eskilstuna (dance studio and Nyföretagarcentrum included).
- Time spent with host families.
- Ice breaker.
- Time spent with guests/friends.
- Project work.

What should be improved in the project?

- More lessons with hosts.
- Everybody in the group must work and communicate.
- Age-appropriate guests.
- More trips / less group work.
