

Erasmus+

Evaluation

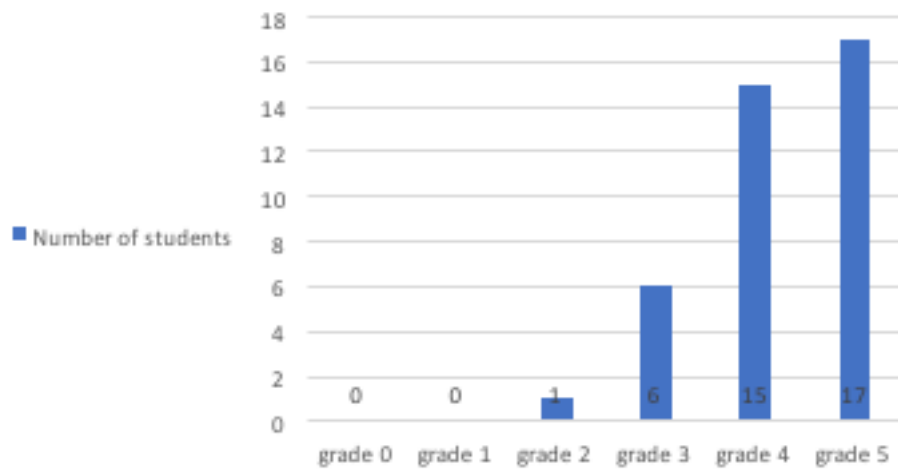

This evaluation was made after our meeting in Kvicksund, Sweden (12-18/11 2017). The students have graded their experiences according to different categories on a scale from zero to five, where zero is the lowest and five the highest grade.

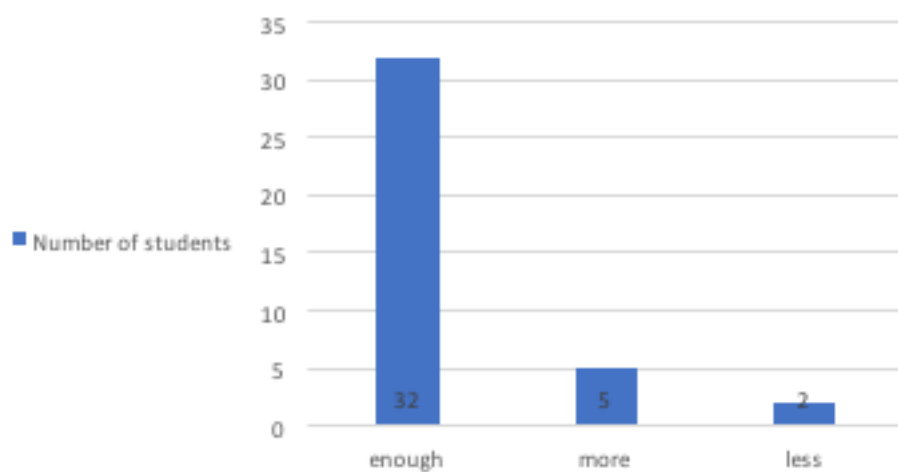

Organisation - programme

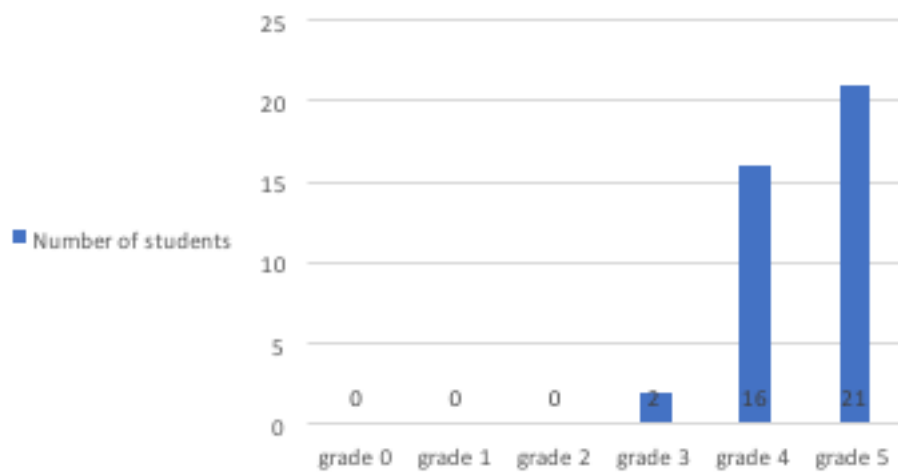

Organisation - activities

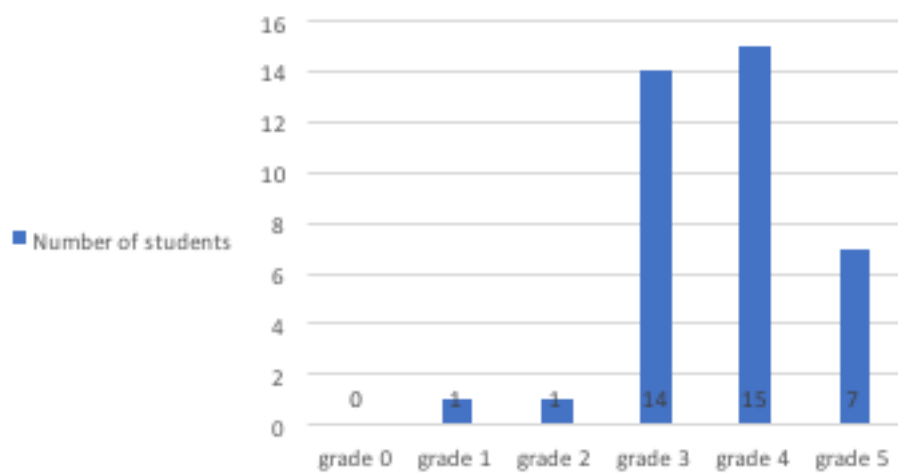

Organisation - attending lessons

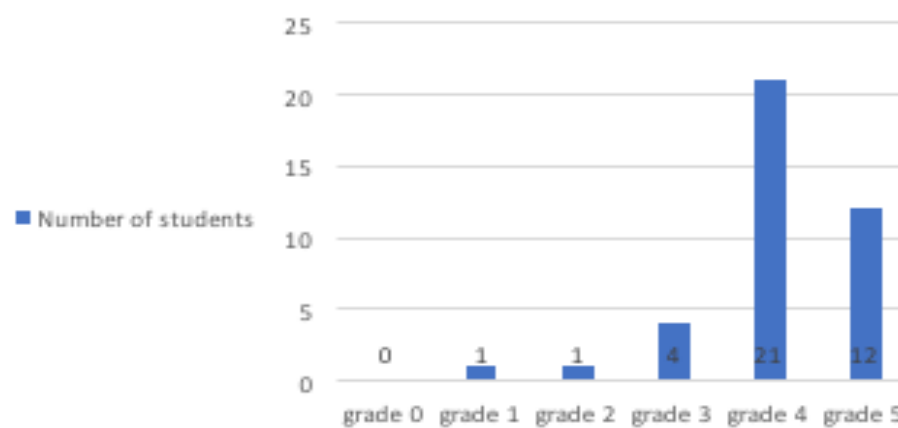

Organisation - technology and facilities

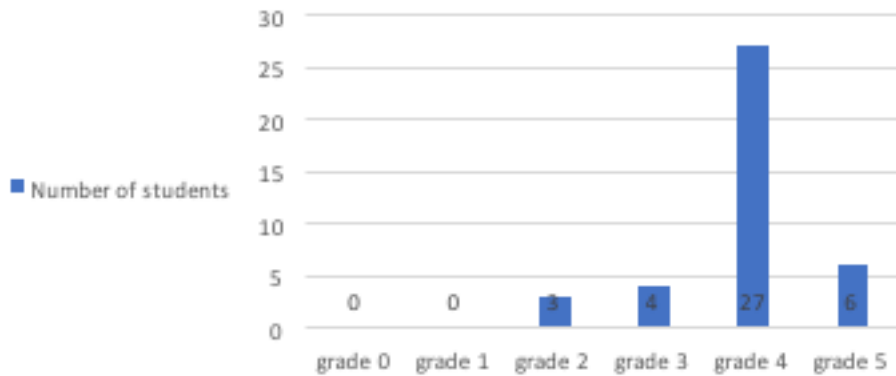

Project work - communication within the group

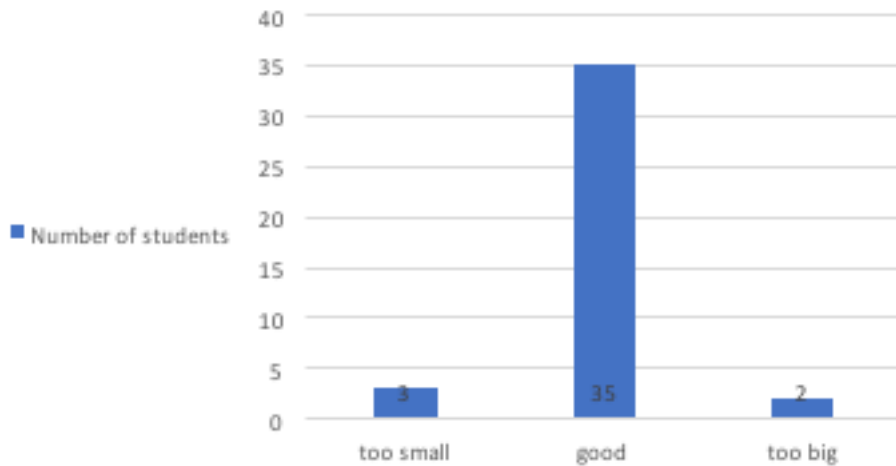

Project work - achievement of writing your chapter

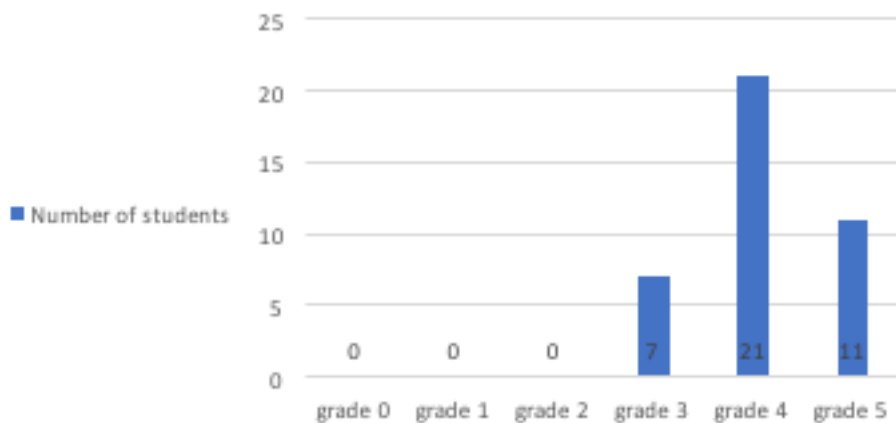

Project work - have you gained insight in how to compile information into chapters in our guidebook

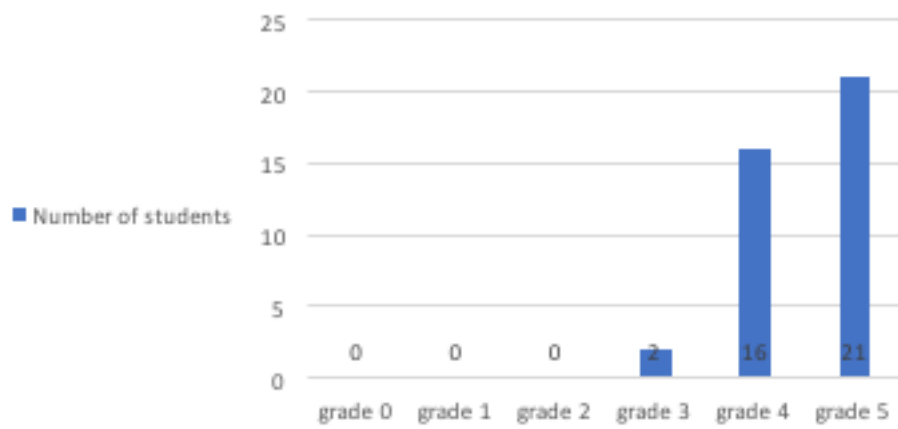

Project work - size of the groups

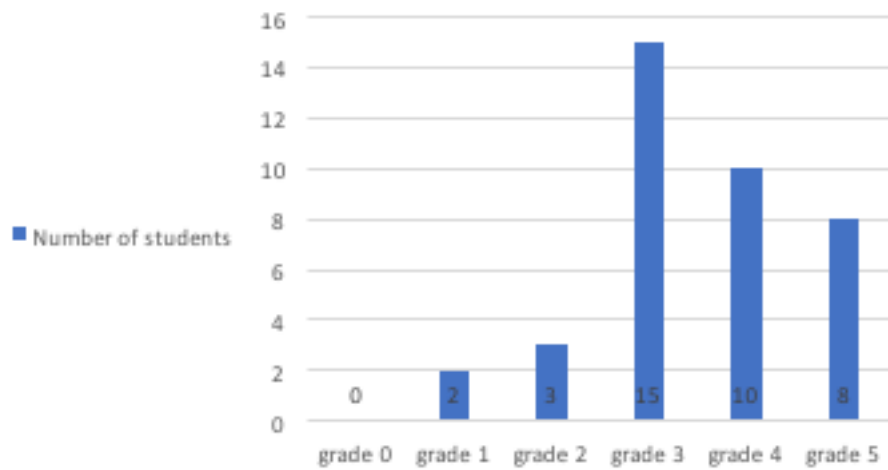

Project work - value of doing presentations as a way of sharing with the other groups

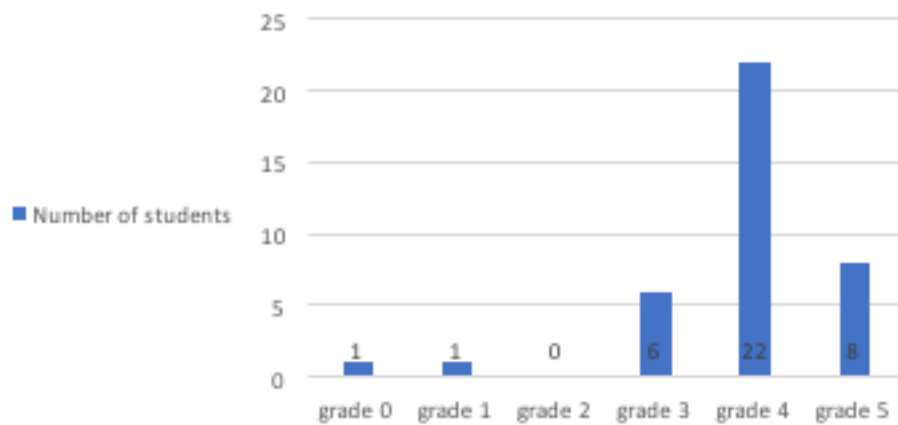

Leisure time - balance between leisure time and work

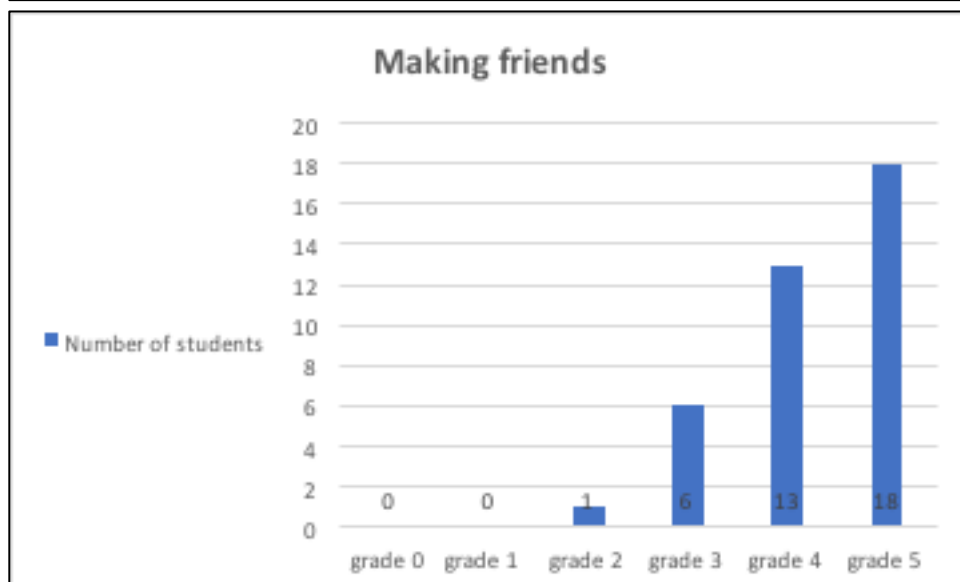

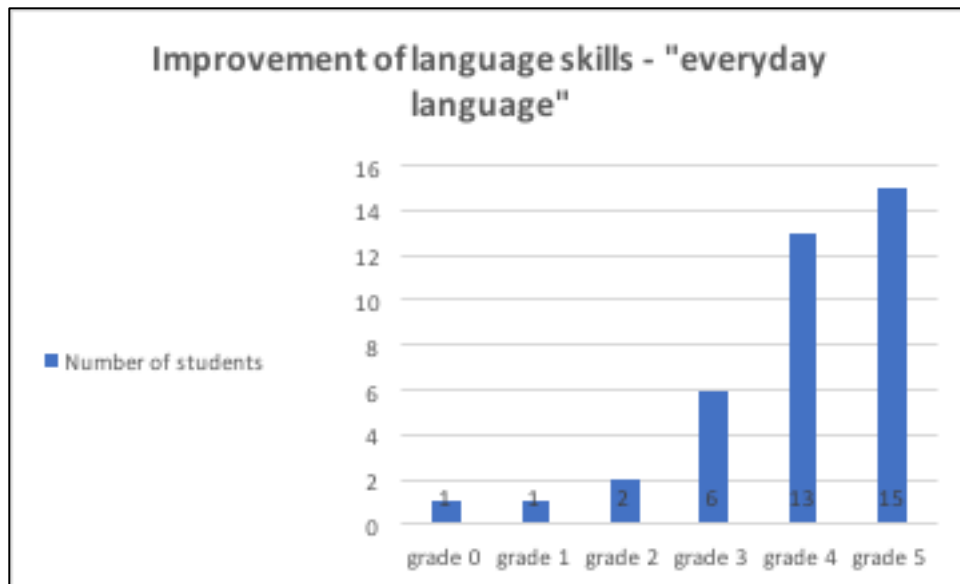

Food

Improvement of language skills - business language

What were the best things about this week?

- Trip to Stockholm
- The host families/activities with host families
- Meet new people/making friends
- Project and group work
- Parents dinner

What should be improved?

- Nothing
- Changing of groups more often
- More presentations like UF (external visits)
- Make sure that all group members are working
- More varied group work
