

## Erasmus+ Evaluation of the whole project for students

### What were the best things about the project?

- Get to know new people/friends and work with them on a great project.
- Travel to other countries and learn about everyday life there by living in host families.
- Learn how to create and start a business.
- Using and improving our English.

### What were the least good things about the project?

- The age gap between the youngest and the oldest student could sometimes be a problem.
- Communication with host families in English.
- Organisation at some meetings.

### What can be improved in a future project?

- Plan the schedule in a time efficient way and make sure all students are active all the time.
- Have the same students during the whole project.
- Better communication between teachers sometimes so the students have the same instructions.
- Technology.

### What has the project meant to you in these different aspects?

#### Language:

- Improved my English and learned more business language.
- Gained confidence to use my English.

#### Culture:

- Living in a family in different countries has taught me about their way of living.
- Learning about different cultures by travelling to different countries.
- Learning about differences and similarities.

#### Knowledge:

- Learned a lot about businesses and many new business words.
- During the project we gained more confidence and dared to use English more and getting to know new people.
- Learned how to interact with new people.

#### Friendship:

- Friendship is the root to culture, language and knowledge.
- New friends were the best about the whole project.
- Getting to know so many new friends during these three years.

**Anything else you would like to add?**

- The project was a great opportunity to learn about businesses and making new friends.
- We are really proud of all the hard work and of our guide book and film.
- Glad we had the opportunity to participate in a fantastic project.
- Hard work from both teachers and students.
- A great experience.
- Great to have students across Europe work together.
- Learned things we could not learn just by being in school.
